Create a prototype with familiar and unfamiliar navigation elements. Evaluate ease of use with different user groups using proto.io

1) Home Screen:

Familiar Elements:

1. App Logo (Center):
 - o Most mobile apps display logo in the center during launch.
 - o Users recognize this as the starting screen.

2. “Get Started” Button:
 - o Common call-to-action button used in onboarding screens.
 - o Clicking it takes the user to the next screen.
3. Center Aligned Layout:
 - o Many apps use centered content for welcome screens.
 - o Easy to understand and visually balanced.

Possibly Unfamiliar Elements:

1. Minimal Design Without Skip Option:
 - o Some apps provide multiple onboarding slides.
 - o Here only one simple welcome screen is used.
2. Blue Theme Background:
 - o Though common, users may associate different colors with productivity apps.

2) Login Screen :

Familiar Elements:

1. Email Text Field:
 - o Standard input field for login.
 - o Used in almost all applications.
2. Password Field (Hidden Characters):
 - o Common security feature.
 - o Characters are hidden for privacy.
3. Login Button:
 - o Widely recognized call-to-action button.
 - o Clicking it navigates to dashboard.
4. Error Message in Red:
 - o Red color commonly indicates error.
 - o Helps users identify mistakes.

Possibly Unfamiliar Elements:

1. No “Forgot Password” Option:
 - o Many apps provide password recovery.
 - o Its absence may feel slightly different.

3) Dashboard Screen:

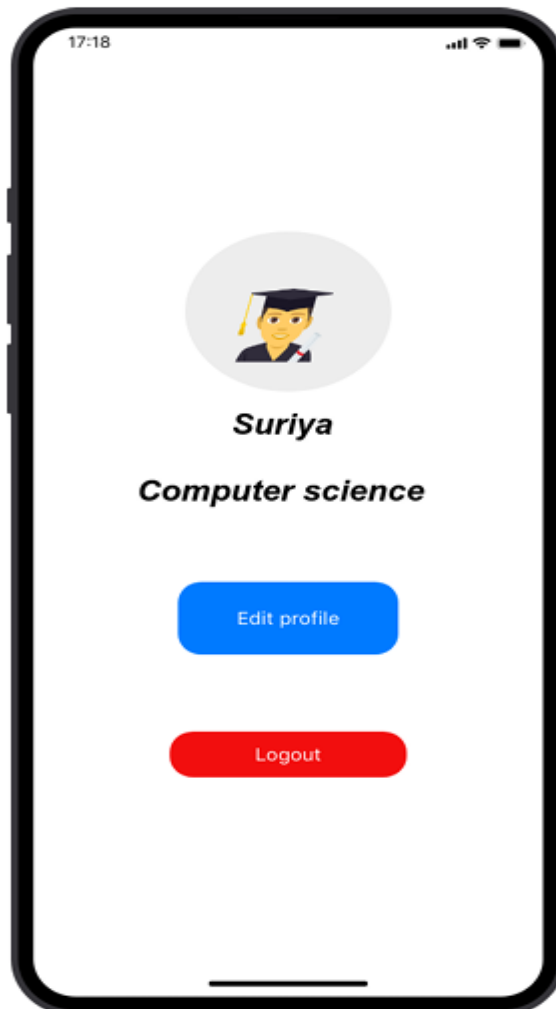

Familiar Elements:

1. Card Layout for Assignments:
 - o Commonly used in task and productivity apps.
 - o Displays subject, deadline, and status clearly.
2. Plus (+) Icon:
 - o Universally recognized for adding new items.
 - o Clicking it allows adding assignment.
3. Bottom Navigation Bar:
 - o Standard mobile navigation pattern.
 - o Includes Home and Profile options.
4. Status Labels (Pending / Completed):
 - o Clearly shows task condition.
 - o Similar to to-do list apps.

Possibly Unfamiliar Elements:

1. Color-coded Status (Yellow/Green):
 - o Some users may take time to understand meaning of colors.
2. No Separate Add Screen (if popup used):
 - o Some apps open a new page instead of inline action.

4) Profile Screen

Familiar Elements:

1. Circular Profile Image:
 - o Common UI pattern for user identity.
 - o Used in most social and productivity apps.
2. Edit Profile Button:
 - o Standard option for updating personal details.
3. Logout Button:
 - o Common account management feature.
 - o Clicking logs out of application.
4. Toggle Switch (Dark Mode):
 - o Familiar UI element for enabling/disabling features

Possibly Unfamiliar Elements:

1. Dark Mode Inside Profile Page:
 - o Usually placed under Settings in some apps.
 - o Placement here may be slightly different.
